AMAZON PHARMACY HOME DELIVERY

Save a trip to the drugstore

With home delivery, you won't miss wandering the aisles, waiting for your prescription to be ready—or standing in line for a pickup. Your Regence health plan offers access to Amazon Pharmacy, so you can get your long-term medications delivered right to your door with free standard shipping.[1] It's a safe, convenient way to fill your prescriptions and might even save you money.

What you get with Amazon Pharmacy

Getting your prescriptions through Amazon Pharmacy is as easy as it is to shop on Amazon.com.

- Easy sign-up gives you the choice to auto-populate your prescription history
- Licensed pharmacists on call 24/7
- Customer Care available for general questions
- Free standard delivery
- Tamper-proof, unmarked packaging
- Refill reminder notices
- Real-time package tracking from order to delivery

Built-in savings

As a Regence member, you have access to MedsYourWay, a prescription drug discount card program administered by Inside Rx.[2] With this program, you may be able to save up to 80% on some of your medications and apply purchases to your deductible and/or out-of-pocket maximum.[3] Since the MedsYourWay discount pricing is built right into the Amazon Pharmacy experience, you'll see the lowest cost available for your drugs at checkout.

Convenience that comes to you

If you're an Amazon Prime member, you can get your medications delivered with free two-day delivery. Don't have Amazon Prime? You can request two-day delivery for $5.99 or get five-day delivery for free.

You may be able to stock up on your long-term medications with a 90-day supply—one more way to cut down on your trips to the pharmacy.[4]

Get started

Here's how to set up home delivery:

1. Go to amazon.com/regenceORMYW to register and create a profile. Or you can call an Amazon Pharmacy health care advisor at 1-855-793-5327 for assistance setting up your profile. You can also download the Amazon Pharmacy app to manage your prescriptions.
2. Once you've registered and created your profile, ask your doctor to send a prescription to Amazon Pharmacy.

Questions?

Call the Customer Service number on your member ID card.
We're open 24 hours a day, seven days a week.

[1] Amazon Pharmacy does not dispense Schedule II controlled substance drugs.

[2] MedsYourWay prescription drug discount card pricing, administered by Inside Rx LLC, is not insurance; however, all prescribed and covered purchases, whether paying a copay or using the discount card pricing, automatically count toward your annual out-of-pocket maximum. Limitations apply. You are responsible for the cost of prescription(s) when using the card. The discount card price may not count toward the deductible and/or out-of-pocket maximum for Medicare members.

[3] Average savings based on usage and Inside Rx data as compared to cash prices; average savings are up to 80% for all generics and 37% for select brand medicines. Restrictions apply.

[4] Restrictions apply. See your health plan benefits for information on eligible prescriptions.

Amazon Pharmacy and MedsYourWay are separate companies that provide pharmacy services.
